

Bulk Tagging Tool panes

The Bulk Tagging Tool is a search interface that is made up of four sections or panes:

The screenshot displays the Bulk Tagging Tool interface with four panes highlighted by red borders:

- Search Pane:** Contains a search input field with the text "Keywords", a "Search" button, and an "Add Filter" button.
- Facets Pane:** Shows a "Facet Limit" set to 10. Under "Organisations & groups", it lists various institutions with their respective counts (e.g., AMMRF (13), ANDS (3), ARC Centre of Excellence for Climate System Science (24), Atlas of Living Australia (463), AuScope (682), AusStage: Gateway to the Australian Performing Arts (2), AustLII (501), Australian Antarctic Data Centre (3200), Australian Catholic University (146), Australian Centre for Sustainable Catchments (ACSC) (1)). Under "Class", it lists categories like activity (40710), collection (91780), party (25545), and service (220).
- Tags Pane:** Displays a grid of tags for the current search. Each tag includes a count and a delete icon. Visible tags include BIOLOGICAL SCIENCES (1), Bioinformatics (1), MACROMOLECULAR AND MATERIALS CHEMISTRY (1), Oceans (8), Oceans1 (1), Phascolarctos cinereus (1), Professor J Zooley (1), S_R12_Secrets (1), TECHNOLOGY (1), breast cancer (11), cars (1), genomics (8), important collection (1), koala (1), lifestyle (1), light (1), marine (3), money (1), mysecret (1), s_zoojy (1), sea (1), shade (1), shhhs (3), ship (1), themeSecret_breast-cancer-15 (8), themeSecret_r12-test-theme-1-58 (28), tropical (1), and water (1). Below the tags is a "public" dropdown menu and an "Add Tag" button.
- Search Results Pane:** Shows "158255 results" with a "Show 10" dropdown. The first result is "AAAAA 20 m spatial resolution seamless multisource Digital Elevation/Depth Model for Lizard Island, northern Great Barrier Reef". The second result is "Aaahmed (Group C)" with tags "themeSecret_r12-test-theme-1-58" and "shhhs". The third result is "AAA+ proteases: substrate binding, translocation and modulation by novel adaptor proteins" with tags "Oceans" and "shhhs".

The Search Pane

Use the Search Pane to conduct text searches and apply custom filters.

The Tags Pane

The Tags Pane is used to display a listing of all the tags assigned to the records in your search results (or records selected in your search results). This pane is used to add and delete tags from records.

It is easy to identify secret tags! They are the tags highlighted in orange in the Tags pane.

Displaying tags for all records contained in this search.
