

How to login to Online Services

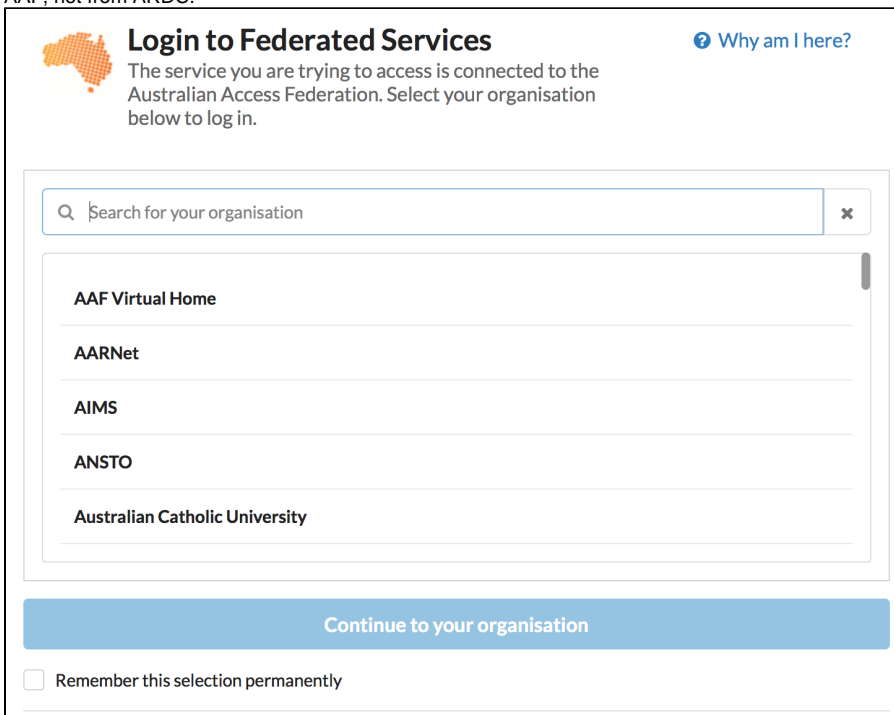

AAF Member Organisations

1. Go to the [Online Services](#) login page and choose login page and choose 'AAF Rapid Connect' tab.

The screenshot shows a login interface with a grey header containing the word "Login". Below the header is a navigation bar with four tabs: "Built In", "LDAP", "Social", and "AAF Rapid Connect". The "AAF Rapid Connect" tab is selected. The main content area contains the text "Log into the ANDS Online Services Dashboard using your AAF credentials:" followed by the Australian Access Federation logo, which consists of a map of Australia made of orange dots. Below the logo is a blue button with the text "Login using Australian Access Federation (AAF) credentials".

2. Click on 'Login using Australian Access Federation (AAF) credentials' button.
3. Once you have made this selection, you will be taken to the AAF Where Are you From (WAYF) screen. This screen is presented to you from the AAF, not from ARDC.

The screenshot shows the "Login to Federated Services" screen. It features a small map of Australia logo on the left and a blue question mark icon with the text "Why am I here?" on the right. The main text reads: "The service you are trying to access is connected to the Australian Access Federation. Select your organisation below to log in." Below this is a search bar with the placeholder text "Search for your organisation" and a magnifying glass icon on the left and an 'x' icon on the right. A list of organisations is displayed below the search bar, each with a horizontal line underneath: "AAF Virtual Home", "AARNet", "AIMS", "ANSTO", and "Australian Catholic University". At the bottom of the list is a blue button with the text "Continue to your organisation". Below the button is a checkbox with the text "Remember this selection permanently".

4. Choose your home institution from the drop down list.
5. Enter the usual username and password that you use to access services within your institution (e.g. u123456 as username).
6. Once logged in, different options are available through the menu on the upper right hand corner of the screen depending on you role or the level of access given to your account.

For AAF Virtual Home Users

If you have been issued with an [AAF Virtual Home Organisation \(VHO\)](#) account, please follow these steps to login to Online Services. AAF VHO accounts are provided by ARDC for non-AAF member organisations.

1. Repeat steps 1-2 above.

2. Choose 'AAF Virtual Home' from the drop down list and enter the username and password provided to you (username usually is in the format Monash-XXXXXX)

If it's your first time to login to Online Services, you will be asked to confirm sending your digital ID to Utilities Production Server SP. Click on "Confirm" button to continue logging in to Online Services.

3. Once logged in, different options are available through the menu on the left, depending on you role or the level of access given to your account.
